

Product Announcement

 FIRE-LITE® ALARMS
by Honeywell

BG12TR Released

July 27, 2007

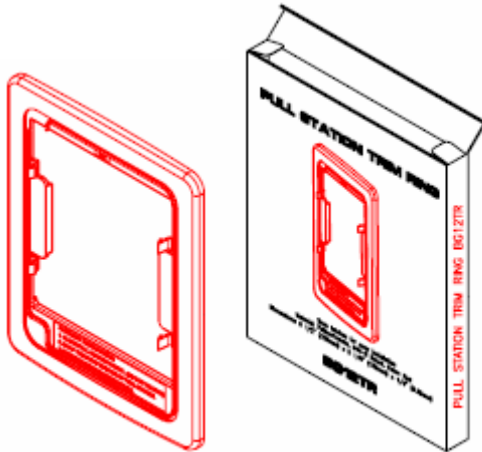

Document FLPA07-07-1

Fire-Lite is pleased to announce the availability of the BG12TR pull station trim ring.

The BG12TR is intended for indoor use and is designed to be snapped onto the back of a BG12 Series Manual Fire Alarm Pull Station (prior to wiring device).

The trim ring provides an additional 1/2" (12.7mm) of clearance on all sides as well as accommodating electrical boxes protruding from the wall surface up to 1/8" (3.175mm).

This trim ring allows installers to retrofit applications where a larger pull station was previously installed.

Dimensions: 6 1/2 " (165mm) X 5 1/8" (130mm) X 1/4" (6.35mm)

Color: Red

Material: Polycarbonate
