

Power supply extension 24 V/24 Ah

Part-No.: FX808364

Additional power supply for extension of the power supply in the basic control panel set. The power supply extension supplements the existing panel power supply with an additional 150 W via a plug-in line connection. There is space for two 12 V/24 Ah batteries on the bottom of the housing. Two additional 24 Ah batteries can be connected with an external housing (Part No. FX808313). Additional components can be mounted onto top-hat rails in the power supply housing.
