

Installation Instructions

Model CAB-MP

System Mounting Plate

INTRODUCTION

The Model CAB-MP Mounting Plate from Siemens Industry, Inc., can be purchased separately as an option for use in CAB1, CAB2, CAB3 enclosures for mounting the system modules. A total of one CAB-MP can be installed in the CAB1, two CAB-MPs can be installed in the CAB2, and three CAB-MPs can be installed in the CAB3.

CAB-MP Mounting Plate is for indoor use only in dry environments.

INSTALLATION

Remove all system power before installation, first battery then AC. (To power up, connect the AC first, then the battery.)

Refer to Figure 1 on page 2.

There is a top and bottom to the CAB-MP Mounting Plate. The top is where the word "TOP" is stamped on the Mounting Plate.

1. Hold the CAB-MP in your hands with the word "TOP" at the top of the plate. Place the four 1/4" holes on the CAB-MP Mounting Plate over the threaded studs in the desired location in the CAB enclosure.
2. Secure in place with the 10-32 nuts supplied.

COMPATIBILITY

The CAB-MP can be used in CAB1, CAB2, and CAB3 enclosures.

SPECIFICATIONS

CAB-MP Mounting Plate: 19.18"W x 14.25"H
